per set!

## Let's Explore Science

Informational Text for Science  
24–32 pages per book

These content-rich sets build literacy and content knowledge with high-interest, appropriately leveled, and increasingly complex informational text to prepare students to meet important standards.

- Each book features a hands-on lab activity plus an application activity.
- Each 10-book set highlights one science strand: life, physical, or earth and space.
- Also available in Spanish.

Some English titles in each set have AR Quizzes.
