Premium Sulphite

Tru-Ray® Construction Paper is 100% vat-dyed sulphite construction paper that is tough enough to take scoring, folding and curling without cracking and tearing. It has superior fade-resistance so projects stay brighter and fresher longer.

Super Heavyweight

Our Riverside® Construction Paper is the only super heavyweight groundwood construction paper with 100% recycled content! It has a soft eggshell finish, and is acid free for fade-resistance.

Heavyweight

SunWorks® Construction Paper is the perfect solution for school projects, as well as arts and crafts. It has bright, consistent colors, smooth texture and cuts and folds evenly without cracking.

Lightweight

Pacon® Lightweight construction paper is perfect for young artists and beginner arts and crafts projects. Available in many colors, assortments and formats.
