

# Pot of Gold Craft Stick Puzzle

## Materials

- Pot of Gold Template (optional)
- Creativity Street® Jumbo Craft Sticks
- Scissors
- Tempera Paint
- Creativity Street® Paint Brush
- Creativity Street® Glitter Glue or Spectra® Glitter
- Creativity Street® Masking Tape

## Steps:

1. Print out the pot of gold template (if desired) and cut along the black outline.

2. Line up 7 Jumbo Craft Sticks so that they are tight together and vertical. Tape the backside all the way across so that they stay in place while you paint and decorate your puzzle.

3. Label the back of each stick numbers 1 through 7 so that you know the order of your puzzle.

4. Trace template on the front of craft sticks with a pencil. Add any details you would like to your pot of gold. Alternatively, create your own design.

5. Paint with colors of your choice, and use glitter to add accents, such as on the shamrock on the pot.

6. Let dry and remove tape.
